FA-IT Company

ABOUT MAESTROTEK

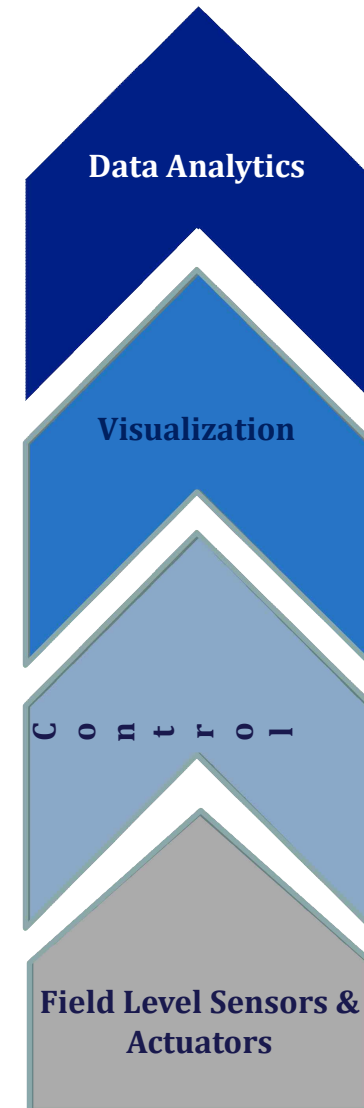

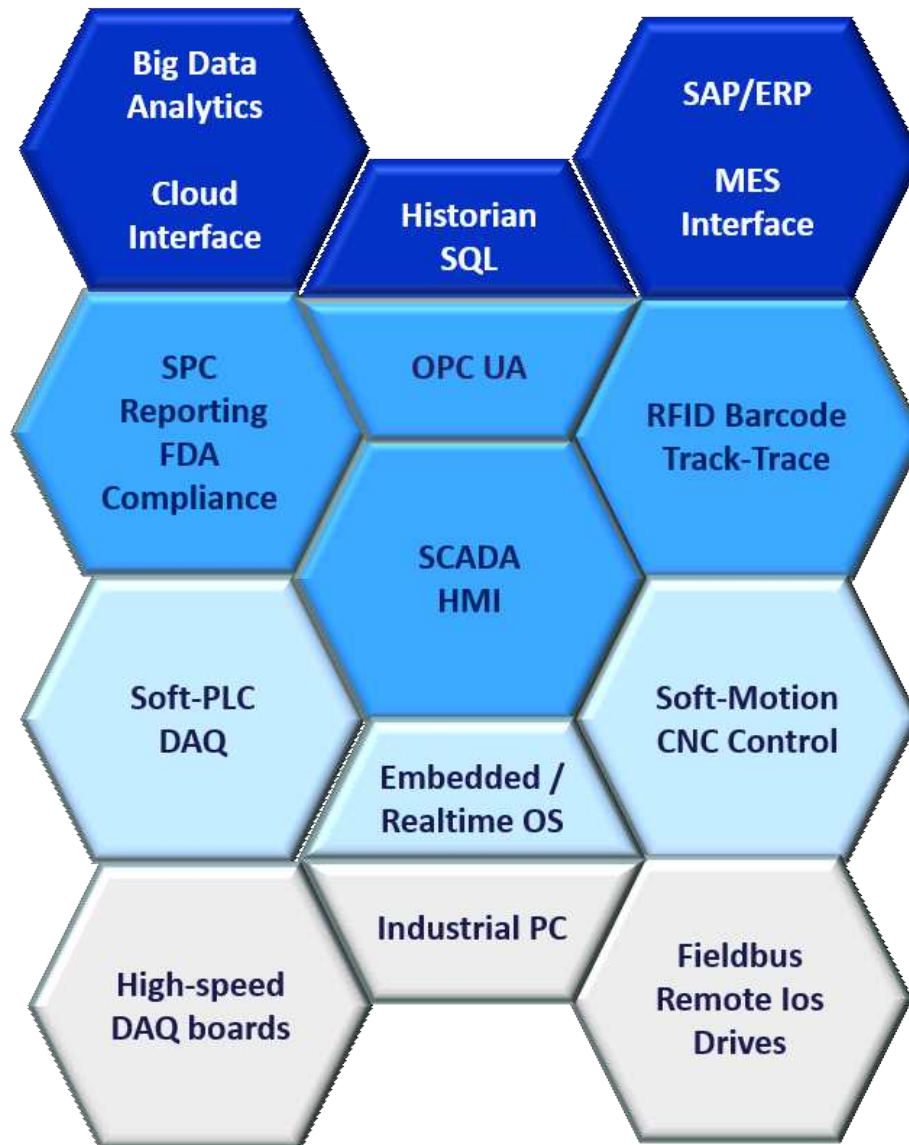

Smartness At Hand

- Established in 2006 by automation experts after 15 years endeavour in FA
- Focus
 - FA-IT Solutions
 - SCADA / HMI solutions
 - Industrial IoT
 - Embedded solutions
- Activities
 - Product Distribution
 - Application Services
 - System solutions for machine OEMs
 - System solutions for End-Users

EXPERTISE

ACTIVITIES

- Products Distribution

- SCADA, Visualization & Control Software
- Industrial PCs
- HMI terminals
- Industrial Networking products

- Services

- Application solutions & Product configurations created around above Products
- Customized Software in C#.net /C++

- System Solutions to Machine makers

- Machine HMI
- IIoT solutions for Machine OEMs

- System Solutions to End Users

- Pharmaceutical industry FDA compliance solutions
- Industrial IoT & Industry 4.0 Solutions
- FA-IT solutions for manufacturing Industry

LEADERSHIP TEAM

Mr. Prasad Khadilkar- Director-Technology

With a vast international exposure, Prasad is a brain behind innovative automation strategies, Maestrotek built for its clients.

Prasad has more than 18 years of experience in the Factory Automation space. Before starting out on his own, He worked with Mitsubishi Electrical India (Formerly Messung Systems Pvt. Ltd.) for 11 years as Servo & Motion Products Head.

Prasad holds a Bachelor of Engineering degree in Electronics from Pune University

Mr. Yashodhan Upadhye- Director-Sales

Yashodhan is a project management backbone of Maestrotek.

Yashodhan holds a Bachelor of Engineering degree in Electrical from the University of Pune. Yashodhan worked at different world-renowned organizations in the field of Industrial Automation and CNC. Yashodhan carries a 14 years of experience in Technical Support, Sales and Marketing in the Industrial Automation field.

He has earlier worked with FANUC India and Mitsubishi Electric (Formerly Messung Systems Pvt. Ltd.)

Late Mr. Satish Patil

Being a visionary thinker, Satish was a guiding force within Maestrotek Innovation. His relationship and bonding with Customers helped to reach defined goals.

Satish had more than 20 years of experience in the field of Factory Automation.

Associate Companies

Copa-data, India (www.copadata.in)

Formally known as CDIN Software Pvt Ltd.

Beijer Electronics Technologies Pvt. Ltd (www.beijerelectronics.co.in)

BETPL is sole representative for 'Beijer electronics Products AB, Sweden' in India

Associate Companies

Copa-data, India (www.copadata.in)

- **CDIN is sole representative of Copa-Data in India.**
- **Copa-data is a European software Developer, acknowledged for their leadership in Automation software technology & innovation.**
- **With a installed base of more than 80000 systems, Copa-data has focused on SCADA technology for last 22 years & is the biggest independent automation software vendor.**
- **Some of the well known companies relying on zenon for their automation tasks include**
 - BMW, Volkswagen, Audi, Siemens (energy automation div), Krones, SIG pack, Pepsi, Andritz, Daimler, Ford Europe, Converteam, Sasol and many more
- **Copa-Data's products include.**
 - ZenOn SCADA, HMI, Visualization & control Software platform
 - ZenOn Energy Edition
 - STRATON Real-time Soft PLC control software suit
 - Data management & Reporting servers
 - SAP connectivity / ERP connectivity modules

Maestrotek Innovations is associate company of CDIN software, promoted by same members

Associate Companies

Beijer Electronics Technologies Pvt. Ltd (www.beijerelectronics.co.in)

- **BETPL is sole representative for 'Beijer electronics Products AB, Sweden' in India.**
- **Beijer Electronics is a Leading HMI manufacturer in Europe, well-known for high quality software, Hardware & technology.**
- **Some of the well known companies relying on Beijer's for their automation tasks include**
 - ABB, Alfa-Laval, Tetra-pack, Yokogawa, Mitsubishi, Kollmorgen and many more
- **Beijer's products include.**
 - iX Series high function HMIs
 - iX Rugged HMIs for harsh environments
 - HMI for Marin & ATEX zone applications
 - iX Soft Control , Innovative HMI + Control platform
 - Remote I/Os

Maestrotek Innovations is associate company of Beijer Electronics Technologies, promoted by same members

Alliance partners

- ASEM is a European company well known since last 30 years as the pioneers in Industrial PC and digital integration technologies for Industrial Automation.
- With own hi-tech manufacturing setup, ASEM is among few companies in Europe, manufacturing own motherboards inhouse
- Product Range Includes
 - Industrial Panel PCs
 - Industrial Box PCs & Book-mount PCs
 - Windows CE embedded panels
 - Uquiquity Remote assistance solutions
 - Ubiqloud IoT gateway solutions
 - PAC procucts

Solutions for the OpenAutomation

Maestrotek is distributor of ASEM in India

Alliance partners

- Cincoze is a Taiwan based Industrial PC expert well known for modular rugged product design since last 10 years
- With own competent R&D and manufacturing setup, Cincoze is among few companies in Taiwan, manufacturing own motherboards inhouse
- Product Range Includes
 - Modular Industrial Panel PCs
 - Industrial Box PCs
 - Rugged Box PCs for Transportation
 - Industrial touch monitors

Maestrotek is distributor of Cincoze in India

Alliance partners

Contec (www.contec.com) , Japan

- **Contec is leader in Japanese market in Industrial PC based hardware & DAQ solutions.**
- **It has an experience of 34 years in designing & manufacturing of industrial PC based control hardware.**
- **Contec is part of Daifuku group, who is among biggest material handling system providers around the world**
- **Some of the customers using Contec for past several years include**
 - Toyota, Suzuki, Honda, Daifuku, Nissan, Towa, Asahi Glass, Mitsubishi Electric, Matsushita, Sony, ABB, Trinity, Murata, Hitachi, Sharp, Marubeni, NEC, Sanyo, Omron, Fujitsu, Toshiba
- **Products include,**
 - Industrial IoT gateways
 - PC based I/Os
 - Industrial PC hardware
 - Data Acquisition & control hardware
 - Industrial Wireless LAN products

Maestrotek is distributor of Contec in India

Alliance partners

Weintek Labs Inc. (www.weintek.com)

Weintek is a leading innovator in Touch-screen HMI terminals for industrial applications.

- Touch-screen HMI terminals
- Big Screen display HMIs
- Communication Gateways
- IoT Gateway
- HMI with integrated Soft-PLC
- Remote IOs

Maestrotek is distributor of Weintek in India

Partnerships

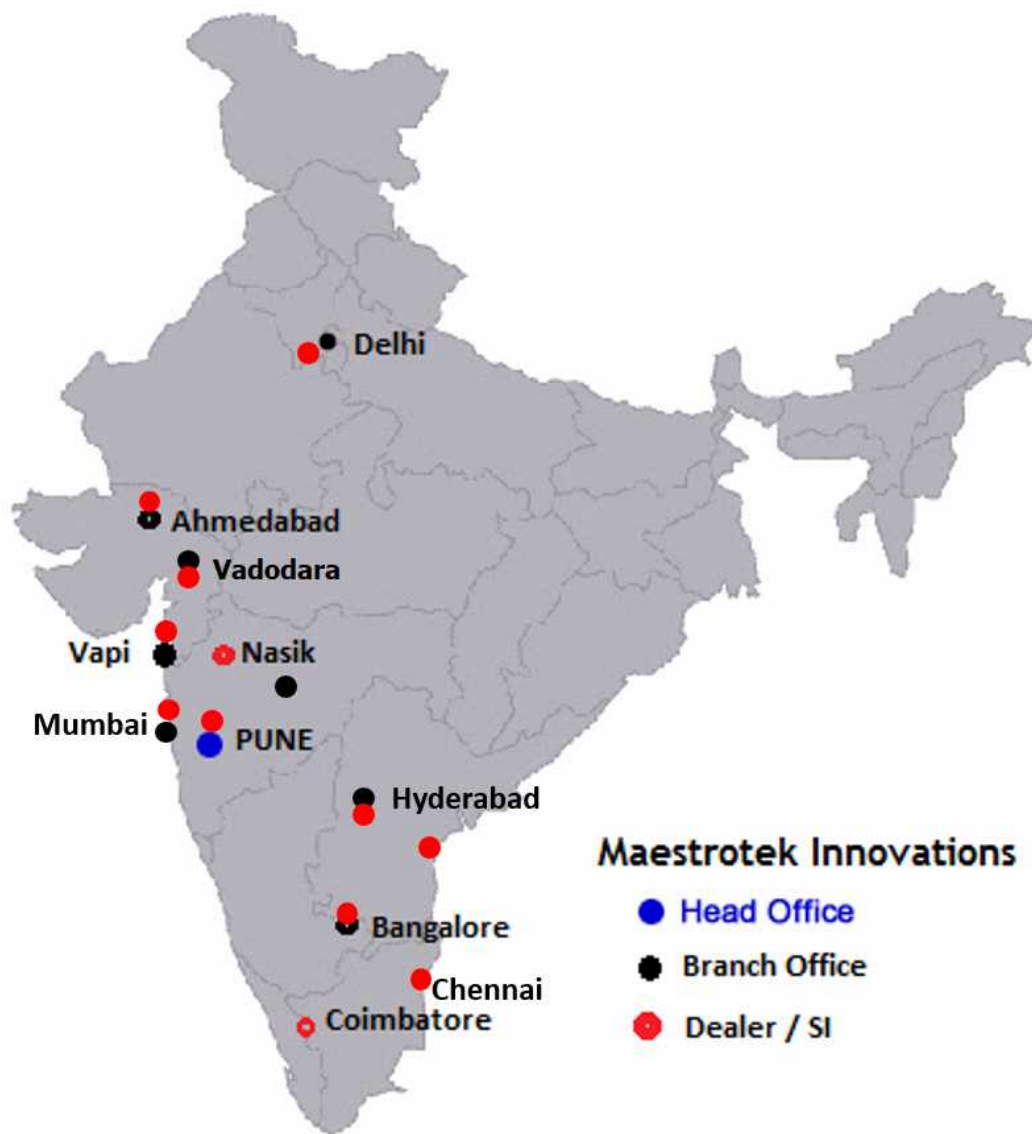

Microsoft

Maestrotek is Microsoft '*Windows Embedded partner*' and is authorized to offer windows embedded solutions and licenses to it's customers.

Product & Competencies include

- Windows CE 6.0
- Windows Embedded Compact 7.0
- Windows Embedded Compact 2013
- Windows XP Embedded
- Windows Embedded standard 7
- Windows Embedded standard 8
- Windows 8.1 Industry Pro
- Windows 10 IoT Ent LTSC

Sales & Support network

Network & Infrastructure

	Head Office	New Office Area
	Pune Head Office	6000 sq. ft
	Warehouse	10000 sq. ft

	Head Count	Members
	Executives	17
	Manager	12
	Engineer	45
	Sales team	10
	Supporting staff	5

	Channels	10
	Large Integrators	5

Products & Solutions

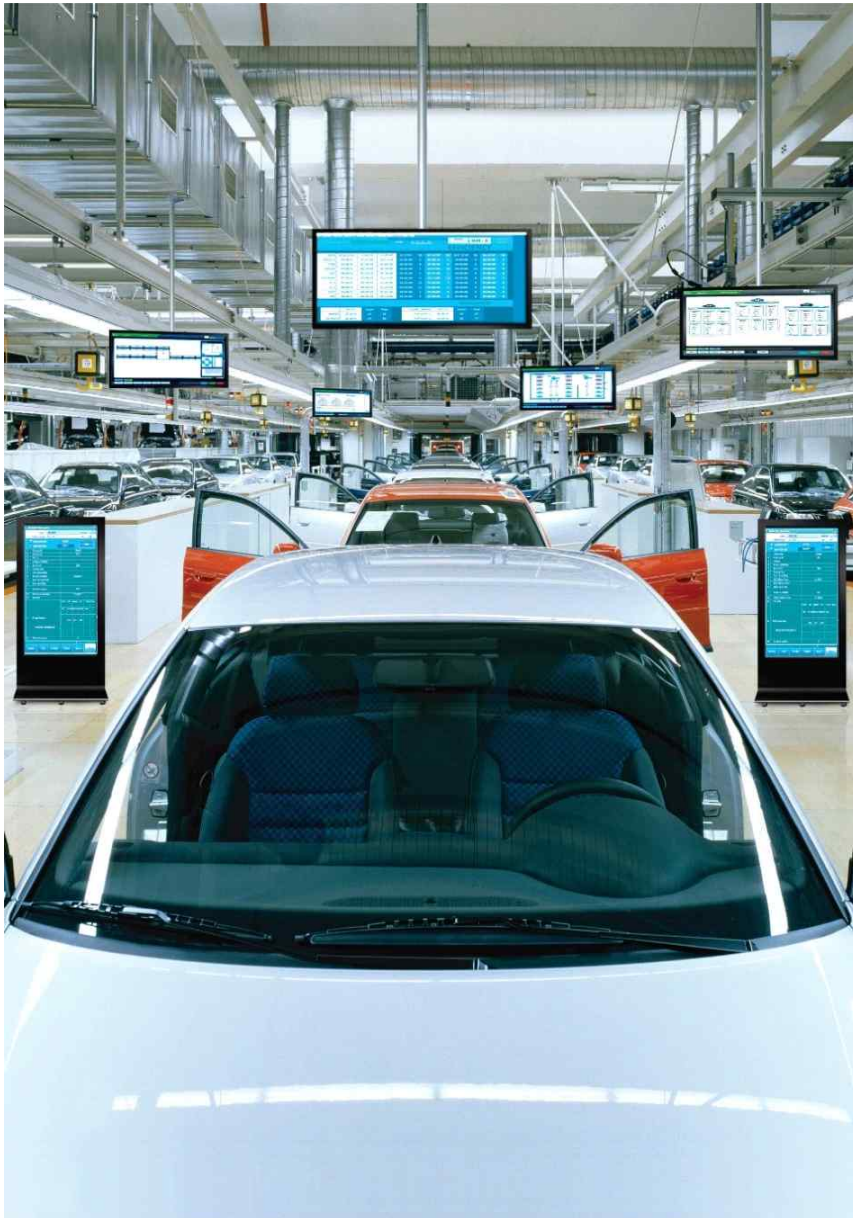

Products

- Supervisory control Software
- Industrial PCs
- HMI Terminals
- RTU & Telemetry
- Industrial Data Communication
- Industrial IoT Gateways
- Customised Software .Net & C++
- Embedded Hardware
- Reporting Software
- OPC-UA connectors
- Remote access solutions

Solutions

- PC based automation solution
- Machine & L2 level FDA compliance in Pharma
- Software for manufacturing industry
- Industry 4.0
- BigData Analytics
- Track and trace systems
- Operation analysis
- Power transmission, SAS
- Building Management & Condition monitoring
- Energy Monitoring
- Embedded OS and Software

Just-in-time and Just-in-sequence

- MES systems
- Production line monitoring
- Area control system for paint shop
 - Paint shop colour control system
- Track & Trace using RFID / Bar-coding
- ANDON, Poke-Yoke & Pika-Pika systems
- Consumption monitoring software for Power, water, Gas & compressed Air
- Warehouse management software
- OEE, KPI Analysis software solutions
- Emission testing : DAQ & Reporting
- High-speed Data acquisition & SPC

Meeting Regulatory compliances

- Machine level HMI solutions for compliance
- Line/ plant level SCADA & L2 systems
 - Electronic records as per FDA norms
 - US-FDA CFR 21 part 11 compliance
 - GAMP5 compliance
- eBMR, eBPR software
- Centralized paperless Batch validation
- Interface with MES, ERP
- Batch Track & Trace software
- ISA 88 compliant batch process control
- CIP / SIP process control & visualization
- Centralised Recipe management
- OEE & Statistical Analysis software

High availability systems for Infrastructure

- Substation automation software
 - IEC61850, 60870 protocols
 - Redundant data servers
- Load Management software
- Smart Lighting solutions
- Asset management & SCADA solutions
 - Wind farm
 - Solar farm
- Energy Management systems (EDMS)
- RTU & Data Concentrator solutions
- Protocol Converter & Gateway
- IDC : Ethernet switches, router & PoE Product

Motion control & CNC Solutions

Maestrotek is collaborating with motion controller specialist company with over 30 years experience to bring proven Robot control, Motion & CNC solution to customers in India.

The Solutions cover

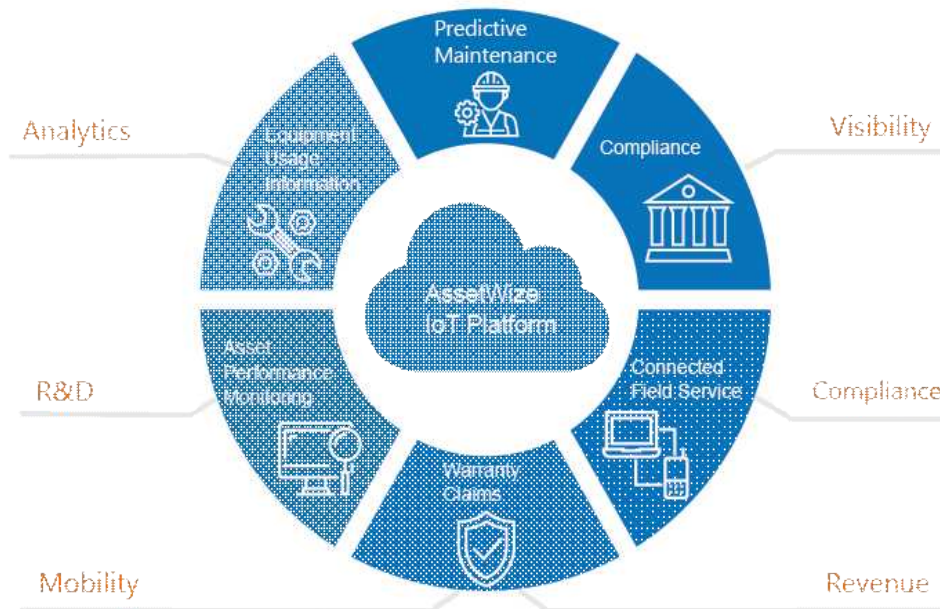

- SCARA, Delta & Articulated Robots
- Plasma, Oxy-flame, Laser cutting
- Multi axis Packaging machines
- Engraving & 5 axis milling
- Tube bending
- Coil /Spring Winding machines

- MaestroTek IIoT Gateway
 - 200+ PLC drivers
 - DIO /AIO Interfaces
 - 2G/3G/4G GSM Interface
 - UPS with Battery backup
 - EDGE computing
 - Programmed in IEC61131-3 std.
 - MS Azure interface with TLS 1.2 security
- Cloud Dashboard and Analytics Platform
 - Asset Monitoring: AssetWize
 - Plant Monitoring: PlantWize
- BOT integration
- IIoT HMI

Customer References

IIoT

- DEIF – Denmark
- FIAT India
- Bajaj Auto
- Piramal Glass
- Kabra Extrusiontechnik
- Texfab
- Titan Engineering – TATA Group Company
- Smart City : Samudra
- Sterlite
